I am deeply thoughtful and caring and I hope that I can dedicate my life to your happiness. I think my perspective and vision about life and maturity as a person will give me the wisdom to have a relationship with someone that is deep, beautiful, romantic and extremely meaningful.

貴方の将来の希望や計画はどんなものですか? One of my most important goals is to write novels one day, to help bring beauty and meaning to others. I also hope to complete building a company that I have started in my spare time. I would like to also travel the world, think more and more about life, and become the best person I can possibly be. Perhaps most importantly, I wish to find that special woman who I can journey through life with.

貴方の将来のパートナーへのメッセージ。 The world is a mysterious and beautiful place, and I would like to explore it together with you for a lifetime. I don't know where you are, but I have been looking for you for many years, and I hope I can find you soon....
