貴方にとって最も大切な事とは何ですか? The quiet moments of calm and relaxation. Like the quiet snow in the middle of the night, the whisper of a brook in the woods, the lull of waves on the beach. It's these moments that I seek, to bring peace to the chaos of the world. There's little better than the relief of all responsibility falling away from you, even if only temporarily. There's something to be said for pulling away from the dock in the boat, or settling in to cruise flight knowing nothing from your everyday life can reach your calm.

将来、貴方のパートナーとなる人に、交際が進展する前に、是非知っておいて貰いたい事がありますか? はい いいえ

貴方の将来の希望や計画はどんなものですか? I've worked hard to make many of my dreams come true, but I've wanted to learn to fly since I was a little boy. I've finally begun flight lessons, and now wish to have my own airplane. But life means less without someone special to share everything with, from normal daily activities to once in a lifetime events.

While growing up I moved often, and traveled extensively. There are still many places I wish to see, and some that I would love to return to, but I prefer to travel with a friend and companion.

貴方の将来のパートナーへのメッセージ。I hope you are as up for the challenge of new things as I am. One of the most enjoyable parts of developing a relationship is spending time with someone learning their ways, activities, hobbies, and quirks, while they learn the same about you. I'm not the average man, but I have a good heart, and a patient way.
