タバコを吸いますか?  はい  いいえ

自分自身の性格を、どう思いますか? Easygoing. During work, I am the boss, but I mix humour and seriousness/knowledge together. I do not believe in degrading people - everyone is knowledgeable, the key is to respect that.

貴方にとって最も大切な事とは何ですか? Happiness, to be able to enjoy the rest of my life with a person who wants companionship, a person to communicate with and laugh with

今までに訪れた国: China, Fiji, Australia, Honduras, Italy, USA

将来、貴方のパートナーとなる人に、交際が進展する前に、是非知っておいて貰いたい事がありますか?  はい  いいえ — I work long hours at times, and need to have a lady that can talk to me, help me unwind. I very much want a life away from work. She must enjoy the outdoors; that is where I prefer to be. I am from Northern Ontario, a smaller city, and my values are tied to it and a belief that family values are most important. I held onto a bad marriage for over 10 years in hopes of saving it. I am devoted to the lady I fall in love with.

貴方の将来の希望や計画はどんなものですか? I would love to share the rest of my life with a lady that cherishes the simpler things -- nature, quiet times, one to one times and family. Business will take care of itself, but personal life is the hardest and most important value.

貴方の将来のパートナーへのメッセージ。 It is my pleasure to be able to meet you. I am a business oriented man that seeks a family life to save his mind, heart and soul. Thank you for taking your time to read my profile. I wish you the best in finding your match.
