I love traveling, meeting people, and learning things about the world so I always have lots to talk about with anyone. I am studying about Japanese culture and also learning Hiragana, of course my future wife could help a great deal with it. My English is fluent as I lived in Ireland for 7 years so, I can teach English too.

貴方の将来の希望や計画はどんなものですか? I am already in love with the Japanese culture. It's important that my wife and I decide our future together as equals.

貴方の将来のパートナーへのメッセージ。 I am honest and a warm person, I am looking for someone more introvert because that way there is a balance of energy. And I want us to make each other happy that's the most important thing no matter where we are from
