I'm a very relaxed, intelligent, spiritual guy. I also have been addicted to anime since my childhood. I just want a spiritual companion. I'm just looking for someone I can connect with. I have always been attracted to Asian women & culture.

貴方の将来の希望や計画はどんなものですか? Just looking to talk with at first. I'm very gun-shy about marriage again, but not opposed to talking and seeing where it might go. My main goal is to make sure my girls get to their adult life safely. After that, a small portion of land in the mountains, a cabin and peace and solitude.

貴方の将来のパートナーへのメッセージ。 If you want a spiritual person, who cares for family and has an unparalleled work ethic. Someone who is kind, spiritual and intelligent I may be your guy. Just understand my children come first before anything else.
