I do not have any debt nor owe money to anyone. I can live in Japan with you and, if you wish, continue to work. I can do my work on the computer wherever I go. I do not mind staying at home. Then when you retire we can either continue to live in Japan or move to another country.

貴方の将来の希望や計画はどんなものですか？ I am very loving and affectionate. I want to enjoy the rest of my life living a loving life with my special woman...I want to find someone I can share a relaxed and calm life -with much warmth and love.

貴方の将来のパートナーへのメッセージ。 I am a simple man and do not need much to be content. I am a respectful person, kind and truthful. I feel strongly about communication which is so important in close, intimate relationships. Let us live this, a deep closeness hand in hand, together. I hope you are educated & in good physical shape. If you have children I will do my best to help raise them & love them.
