自分自身の性格を、どう思いますか? I'm smart, well-educated. I'm a little silly, funny & joking a sometimes. I'm also very dependable and trustworthy. I've been waiting for the right person and I finally feel ready to get married if I see there's a good match --I hope it's you!! For fun I love to ride my bicycle and be in nature.

貴方にとって最も大切な事とは何ですか? My goal is to share my love and share great experiences with my future wife. I believe life should be a good balance of work & play which is why I take time off to travel. I also try to respect parents because they have given so much.

今までに訪れた国: Too many to count. About 30. (Japan, France, Australia, Canada, etc.)

将来、貴方のパートナーとなる人に交際が進展する前には是非知っておいて貰いたい事がありますか?  はい  いいえ --- I'm

a good listener and I love animals (dogs & cats). I like couple's dancing like salsa or swing. Can you dance? We can take lessons together. High on my list of great things: good conversation, music, dance, fine food/wine, playing guitar--let's have fun together! I love good food and almost always eat healthy---except I love Japanese sweets! I hope to learn some cooking from my future wife, but right now I don't cook well, gomen!

貴方の将来の希望や計画はどんなものですか? I hope to find the girl I've been dreaming about all my life.

貴方の将来のパートナーへのメッセージ。 Please message me and let's see if there's a good connection!
