自分自身の性格を、どう思いますか? I would describe myself primarily as an intellectual. I'm very easy to get along with. I'm a generous, caring, intimate, affectionate person with the one I care about. I like to read and listen to audiobooks, with topics mostly having to do with self-improvement. I prefer cats, but like all animals.

将来、貴方のパートナーとなる人に交際が進展する前には是非知っておいて貰いたい事がありますか?  はい  いいえ — I'm hoping to meet a woman who enjoys spending a lot of time together with her chosen partner. I prefer women who are thin, and care about their physical and mental health. I am interested in finding a very special friend to love and spend the rest of my life with, above just having someone be a mother to our child.

貴方の将来の希望や計画はどんなものですか? I'm very fortunate that I am working for a very generous company that allows me to work from my home. Because of this, I am able to move and live anywhere where I can find a good Internet connection or Wi-Fi signal. I'm planning on buying a home on one of the beautiful Hawaiian islands soon.

貴方の将来のパートナーへのメッセージ。 I've been a professional performance artist for 20 years, who has performed in concerts many times in my life. I have a rich history of life experience, and am looking for someone special who is very trustworthy.
