I love stepping of the plane in the tropics, which is why I'm a Caribbean-bound as often as possible. It's not always blue waters and rum runners served in coconuts though...So if we hit it off, remind me to tell you about the time I came face to face with a 7 foot sand shark. I am an Engineer for on Government agency. It's rewarding to solve real world problems. Balance is important to me.

Appearance has no matter for me, I believe that the inner world is the most important thing in a person. The best decoration for woman is her mind and a good manners. If you agree with me chat.
