I do have seizure disorder but it is controlled by medication. I have not had one in over two years (knock on wood). Regardless of that, I live a normal and healthy life.

貴方の将来の希望や計画はどんなものですか? My hopes are to get a job in Japan. I have been fighting with my company for four years to get an international transfer but it has not come to fruition. I would love to find the right person for me to be honest and get married and have beautiful children.

貴方の将来のパートナーへのメッセージ。 I know I may have some faults. Maybe you may not like my personality or my hobbies but I am a good guy. I may come home tired from a long day at work and just want to watch some TV or just be in your company and talk about our day together. I hope that we can be together for a long time!
