I work for a large American company that has offices in Japan so we have lots of options on where to live, and I would love to live in Japan if that is our preference.

貴方の将来の希望や計画はどんなものですか? Let's be like the old couples who know each other so well they can finish each other's sentences--it will be interesting to see if this is in Japanese or English. We should learn to honor and respect each other, and talk about everything. Let's grow old together and create happiness and support each other in good or challenging times.

貴方の将来のパートナーへのメッセージ。 We should share the best we each have. You could help me with my Japanese, and I could help you with your English. Let's enjoy each other's company and do things we enjoy together, like having a nice dinner, going to a show, walking through a rain forest or walking on the beach. We can swim, surf, dive or just sit on the shore and take in the beautiful views.
