将来、貴方のパートナーとなる人に交際が進展する前には是非知っておいて貰いたい事がありますか? はい いいえ — I am open to relocate to another country. I have worked as flight attendant for over 20 years and traveled all over the world. Now I want to settle down after realizing Japan is the place I like the most. I am financially independent and willing to. 貴方の将来の希望や計画はどんなものですか? My plan is to run my own small guest house in Japan. Kind of a family run business with my future wife. I like the county side as well as the city. Am flexible if my figure wife have different plans. I can adapt myself.

貴方の将来のパートナーへのメッセージ。 I hope we care for each other's and love each other's for the rest of our lives. I hope we can be considerate to each other's and mutually respect each other's and try our best to live happily. I have already started learning Japanese and can have a basic conversation. I am willing to improve.
