いつか子どもが欲しいですか? はい いいえ こだわらない

既に子どもがいますか? はい いいえ — 2 kids live with me after their

mother died. 11 and 15. I support them. They are born and raised in Karuizawa and Minato-ku.

Both are native Japanese speakers, and their English is ok. I am doing fine raising them on my

own. They are good, humble, happy kids, and they are more Japanese than anything.

タバコを吸いますか? はい いいえ

自分自身の性格を、どう思いますか? Japanese people call me "mame." I am funny and

passionate and never judgmental about anyone. I almost never give advice to anyone unless it is

about safety. We each have our own journey.

貴方にとって最も大切な事とは何ですか? Making sure I do my part to leave the planet in

better shape than when I was born so that my kids and everyone can enjoy life the way I have.

France, and Japan and travelled plus 30 countries.

将来、貴方のパートナーとなる人に交際が進展する前に是非知っておいて貰いたい事が

ありますか? はい いいえ — I am nice but struggle with life following the death of

my wife more than 10 years ago. I am fine now.

貴方の将来の希望や計画はどんなものですか? But i will probably retire somewhere in

Nagano prefecture and work as a part-time consultant in Tokyo or part time university professor

while I enjoy the mountains and hot springs and Nihonkai beaches all around Nagano, Niigata,

Gifu, Toyama, and Ishikawa.

貴方の将来のパートナーへのメッセージ。 Be confident about your inner beauty and let it

shine through and light up the world around you. I am not looking to save anyone. If you have

saved yourself, it is a good start to a relationship with me. I work hard to stay healthy, and I

expect the same in a partner.
